

MSU Department of Nursing Transferability of Credit

Transferability of Credit

Morehead State University's Department of Nursing follows the University's guidelines for transferability of credits. This information can be found under the Admissions section of the current year's undergraduate catalog at www.moreheadstate.edu/catalogs.

Specifically, MSU is an active partner in the Kentucky Council for Postsecondary Education's general education certificate agreement, which ensures the acceptability of transfer credit among all member institutions, as well as accredited by the Southern Association of Colleges and Schools.

To check if a particular course will transfer into or out of MSU, consult the MSU Course Transfer Equivalency website or contact Brad Bennington, Office of the Registrar, 606-783-2008, or b.bennington@moreheadstate.edu
