

**MOREHEAD STATE UNIVERSITY
SEARCH PROCEDURE WAIVER REQUEST FORM**

Waivers to the search requirement may be requested in the following instances:

- A. In emergency situations where a pool of candidates cannot be developed immediately. An emergency situation occurs where there is insufficient time for a search because someone must be performing the necessary functions within days or where there are no back-up personnel.
- B. In situations where a member of a protected group is available and helps meet affirmative action goals.
- C. In situations where a person may be appointed to a full-time position with an ending date (Fixed Term I Appointment) while a search is being conducted. Typically, this category is used when tenure track faculty searches are unsuccessful and the department needs to hire a full-time instructor for the coming year and then a new search will be conducted for the tenure track position in the future.
- D. Rare and extenuating circumstances (please explain on attached justification).
- E. In situations of a re-organization, when movement of an employee to a different position and the restructuring is in the best interest of the University and when the employee's former position is no longer available. Basically, no true vacancy exists.
- F. In situations where a Head Coach, who was selected from a national search, wishes to hire an Assistant Coach of his/her choosing, which is standard in this field and across the nation. Appointment of the Assistant Coach and the continuation of his/her appointment are contingent upon, but are not limited to, the duration of the Head Coach's appointment.
- G. In situations where an employee is being returned from a reduction in force (layoff) to a different position. The University generally considers one laid off for other positions as they become available and when the person possesses the appropriate qualifications.
